ELECTRICAL PANEL	METERS AT NOCT	OPERATING CONDITIONS
TYPE		

CHARACTERISTICS	
1. Highly specific	2. Highly sensitive
3. Highly accurate	4. Highly reliable
5. Highly consistent	6. Highly valid
7. Highly replicable	8. Highly generalizable
9. Highly interpretable	10. Highly applicable
11. Highly useful	12. Highly practical
13. Highly feasible	14. Highly ethical
15. Highly transparent	16. Highly accountable
17. Highly inclusive	18. Highly participatory
19. Highly collaborative	20. Highly innovative
21. Highly adaptive	22. Highly resilient
23. Highly sustainable	24. Highly scalable
25. Highly transferable	26. Highly replicable
27. Highly generalizable	28. Highly applicable
29. Highly useful	30. Highly practical
31. Highly feasible	32. Highly ethical
33. Highly transparent	34. Highly accountable
35. Highly inclusive	36. Highly participatory
37. Highly collaborative	38. Highly innovative
39. Highly adaptive	40. Highly resilient
41. Highly sustainable	42. Highly scalable
43. Highly transferable	44. Highly replicable
45. Highly generalizable	46. Highly applicable
47. Highly useful	48. Highly practical
49. Highly feasible	50. Highly ethical
51. Highly transparent	52. Highly accountable
53. Highly inclusive	54. Highly participatory
55. Highly collaborative	56. Highly innovative
57. Highly adaptive	58. Highly resilient
59. Highly sustainable	60. Highly scalable
61. Highly transferable	62. Highly replicable
63. Highly generalizable	64. Highly applicable
65. Highly useful	66. Highly practical
67. Highly feasible	68. Highly ethical
69. Highly transparent	70. Highly accountable
71. Highly inclusive	72. Highly participatory
73. Highly collaborative	74. Highly innovative
75. Highly adaptive	76. Highly resilient
77. Highly sustainable	78. Highly scalable
79. Highly transferable	80. Highly replicable
81. Highly generalizable	82. Highly applicable
83. Highly useful	84. Highly practical
85. Highly feasible	86. Highly ethical
87. Highly transparent	88. Highly accountable
89. Highly inclusive	90. Highly participatory
91. Highly collaborative	92. Highly innovative
93. Highly adaptive	94. Highly resilient
95. Highly sustainable	96. Highly scalable
97. Highly transferable	98. Highly replicable
99. Highly generalizable	100. Highly applicable
